

## **Priceless Arabic translation**

**Read the following explanation before looking at the picture!**

This picture is not doctored. Most Syrians struggle to even read Arabic, much less have a clue about English.

So, how do a group of Syrian protest leaders create the most impact with their signs by having the standard "Death To Americans"(etc.) slogans printed in English?

Answer: They simply hire an English-speaking civilian! to translate and write their statements into English. Unfortunately, in this case, they were unaware that the "civilian" insurance company employee hired for the job was a retired US Army sergeant!

Obviously, pictures of this protest rally never made their way through the Arab TV networks, but the results were "Priceless."

Bus fair to anit-war protest rally - \$0.50.

Paint and canvas protest signs - \$32.00.

Asking a retired US Army Sergeant to translate  
your anti-American slogans - PRICELESS.
