

Computer Problem

I was having trouble with my computer.

So I called Eric, the 11 year old next door, whose bedroom looks like Mission Control and asked him to come over... Eric clicked a couple of buttons and solved the problem.

As he was walking away, I called after him, 'So, what was wrong?'

He replied, 'It was an ID ten T error.'

I didn't want to appear stupid but nonetheless inquired, 'An ID ten T error? What's that? In case I need to fix it again.'

Eric grinned 'Haven't you ever heard of an ID ten T error before?'

'No,' I replied. 'Write it down,' he said, 'and I think you'll figure it out.'

So I wrote down: I D 1 0 T

I used to like Eric, the little buzzard.
