

## **Male or Female?**

### FREEZER BAGS:

They are male, because they hold everything in, but you can see right through them.

### PHOTOCOPIERS:

These are female, because once turned off, it takes a while to warm them up again. They are an effective reproductive device if the right buttons are pushed, but can also wreak havoc if you push the wrong buttons.

### TYRES:

Tyres are male, because they go bald easily and are often over inflated.

### HOT AIR BALLOONS:

Also a male object, because to get them to go anywhere, you have to light a fire under their arse.

### SPONGES:

These are female, because they are soft, squeezable and retain water.

### WEB PAGES:

Female, because they're constantly being looked at and frequently getting hit on.

### TRAINS:

Definitely male, because they always use the same old lines for picking up people.

### EGG TIMERS:

Egg timers are female because, over time, all the weight shifts to the bottom.

### HAMMERS:

Male, because in the last 5000 years, they've hardly changed at all, and are occasionally handy to have around.

### THE REMOTE CONTROL:

Female. Ha! You probably thought it would be male, but consider this: It easily gives a man pleasure, he'd be lost without it, and while he doesn't always know which buttons to push, he just keeps trying!
