

The female always makes the rules.....

- The rules are subject to change at any time without notice!
- No male can possibly know all the rules! Nearly all females (except blondes) are born with this knowledge.
- If the female suspects the male knows any of the rules, she may immediately change any or all of the rules!

The female is never wrong.....

- If the female is wrong, it is because of a misunderstanding which was a direct result of something the male did or said wrong!
- If the above rule applies, the male must apologise immediately for causing the misunderstanding!

The female can change her mind at any given point of time.....

- The male must never change his mind without the express permission or written consent from the female!

The female has every right to be angry or upset at any time.....

- The male must remain calm at all times, unless the female wants him to be angry or upset!
- The female must under no circumstances let the male know whether or not she wants him to be angry or upset!
