

Warning!!

PLEASE READ THIS, IT'S IMPORTANT NEWS TO ALL GUYS THAT GO CLUBS OR BARS AND DRINK.

Guys, be more alert and cautious when getting a drink offer from a girl.

Good girls out there, please forward this message to your guy friends and girlfriends, take heed.

There is a new drug called beer, that is essentially in liquid form.

The drug is now being used by female sexual predators at parties to convince their male victims to have sex with them. The shocking statistic is that beer is available virtually anywhere! All girls have to do is buy a beer or two for almost any guy and simply ask the guy home for no-strings attached sex. Men are literally rendered helpless against such attacks.

Please! Forward this to everyone you know!
