

We Deserve It Dividend

Here's a new twist on our financial crisis..

I'm against the \$85,000,000,000 bailout of AIG. Instead, I'm in favour of giving \$85,000,000,000 to America in a ""We Deserve It Dividend"".

To make the math simple, let's assume there are 200,000,000 bona fide U.S. Citizens 18+.

Our population is about 301,000,000 +/- counting every man, woman and child. So 200,000,000 might be a fair stab at adults 18 and up.

So divide 200 million adults 18+ into \$85 billion that equals \$425,000.

My plan is to give \$425,000 to every person 18+ as a "We Deserve It Dividend". Of course, it would NOT be tax free. So let's assume a tax rate of 30%.

Every individual 18+ has to pay \$127,500.00 in taxes.

That sends \$25,500,000,000 right back to Uncle Sam.

But it means that every adult 18+ has \$297,500 in their pocket.

A husband and wife have \$595,000.

What would you do with \$297,500 to \$595,000 in your family?

Pay off your mortgage - housing crisis solved.

Repay college loans - what a great boost to new grads

Put away money for college - it'll be there

Save in a bank - create money to loan to entrepreneurs.

Buy a new car - create jobs

Invest in the market - capital drives growth

Pay for your parent's medical insurance - health care improves

Enable Deadbeat Dads to come clean - or else

Remember this is for every adult U S Citizen 18+ including the folks who lost their jobs at Lehman Brothers and every other company that is cutting back. And of course, for those serving in our Armed Forces.

If we're going to re-distribute wealth let's really do it...instead of trickling out a puny \$1000.00 ("vote buy") economic incentive that is being proposed by one of our

candidates for President.

If we're going to do an \$85 billion bailout, let's bail out every adult U S Citizen 18+!

How do you spell Economic Boom?

I trust my fellow adult Americans to know how to use the \$85 Billion

"We Deserve It Dividend" more than I do the geniuses at AIG or in Washington DC.

And remember, The Family plan only really costs \$59.5 Billion because \$25.5 Billion is returned instantly in taxes to Uncle Sam.

Ahhh...I feel so much better getting that off my chest.

Kindest personal regards,

A Creative Guy & Citizen of the Republic.
