

Women Drivers vs. Men Drivers

This morning I was driving on the highway, I looked over to my left and there was a woman in a brand new Mitsubishi doing 65mph with her face next to her rear view mirror putting on her eyeliner.

I looked away for a couple of seconds and when I looked back she was halfway over my lane, still working on that make-up!

As a man I don't scare easily.

But she scared me so much that I dropped my shaver, which knocked the doughnut out of my other hand.

In all the confusion of trying to straighten out the car using my knees against the steering wheel, it knocked my cell phone away from my ear which fell into the coffee between my legs, splashed, and burned Big Jim and the Twins! ruined the dam phone, soaked my trousers and disconnected an important call

Damn women drivers!!
