

Work Accident – with not good communication

Ole was working at the fish plant up north in Duluth when he accidentally cut off all ten of his fingers.

He went to the emergency room in the Clinic and when he got there the Norwegian doctor looked at Ole and said, "Let's have the fingers and I'll see what I can do."

Ole said, "I haven't got the fingers." "What do you mean, you haven't got the fingers?" he said. "Lord-it's 2006 I've got microsurgery and all kinds of incredible techniques."

I could have put them back on and made you like new!

Why didn't you bring the fingers?"

Ole says....."How the fuck was I suppose to pick them up?"
