

You might be a lawyer if:

1. You are charging someone for reading these jokes.
2. The shortest sentence you have ever written was more than eighty words long.
3. You have a daughter named Sue and a son named Bill.
4. Your other car is a BMW.
5. When you look in a mirror, you see a lawyer.
6. When your wife says "I love you," you cross-examine her.
